Dog Training, CCPDT-KA, and APDT  
Professional Member.

## **Instructor Information**

### **Kristine Felske**

Kristine is the owner of Kaybee's K9 Training and a member of APDT. She has more than 20 years of dog training experience with over 2000 dogs.

She is also a certified Assistance Dog Trainer for Paws-With-A-Cause and certified Pet Dog Trainer with CCPDT-KA

### **Amanda Reichert**

Amanda has a career diploma from Penn Foster Career School for Dog Obedience Trainer/Instructor. She is working towards being certified through CCPDT, and is a certified AKC CGC evaluator.

### **Jill Chanel**

Jill is the owner of Critter Sitters and has been actively volunteering with Therapy Dogs International since 2002. Jill has been training her dogs for over 20 years and is most famous locally for rescuing and rehabilitating her deaf Dalmatian, Whitney.

# Class Details

Many dogs behave well at home, but not when they're out in public. Obedience classes are an excellent way to train your dog to work through distractions. Dogs should be trained daily to achieve proper results. You will receive email confirmation after closing of registration.

## S.T.A.R. Puppy Class:

This class is based on the principles of the AKC STAR Puppy program. Puppies and owners will begin the first steps of basic obedience, develop good practices to prevent behavior problems later in life, and prepare for the CGC test. STAR Puppy test will be taken during class.

## Basic Obedience:

This class is for dogs from 5 months of age or older. Your dog will learn "sit", "down", "come", "stay", "heel", "leave-it", no jumping, wait at doors, and practice eye contact/ focus training. This class uses positive reinforcement training ("Clicker Training"). C.G.C. test will be offered during the last week of class.

## Therapy Dog Training:

The therapy dog class prepares dogs to visit nursing homes as well as take their Canine Good Citizen (CGC) and Therapy Dog International (TDI) tests. Classes are offered in spring and fall, TDI test will be offered at the end. You do not need to take the class to take the test; test registration is separate from class registration. Basic Obedience is a prerequisite for this class.

## Advanced Obedience

Drop-in class designed to take the next step with practical obedience and help socialize shy and/or people-sensitive dogs, every Monday night year round 6-7pm. Must pass basic obedience first.

## Small - Medium Dog Obedience Class:

This class is designed for small dogs. Basic obedience such as sit, heeling, wait, focus training, down, and stay will be covered. For small dogs, we use positive reinforcement training along with a touch stick to make learning easier. Classes are seasonal.

## Service Dog Class:

The service dog class prepares dogs to take the urban CGC test, and works with individual owners on the specialized tasks their dog must perform according to ADA regulations.

## Advanced Obedience

Monday, on-going
