Class Details

Many dogs behave well at home, but not when they're out in public. Obedience classes are an excellent way to train your dog to work through distractions. Dogs should be trained daily to achieve proper results. We prefer to use no-slip collars for training. You will receive confirmation after closing of registration.

Agility Classes:

Agility helps to build confidence and reinforces off-leash control. Your dog will learn to jump hurdles, go through tunnels, weave polls, and climb platforms. Basic Obedience is a prerequisite for this class. Advanced and intermediate drop-in classes run year-round, basic classes are seasonal.

Puppy Class:

This class is for puppies from 8 weeks to 4 months of age. Pups will learn to pay attention, walk on a leash, wait at doors, not jump on people, settle down when over excited, and socialize with other puppies. This class is based on positive reinforcement training ("Clicker Training").

Basic Obedience:

This class is for dogs from 5 months of age or older. Your dog will learn "sit", "down", "come", "stay", "heel", "leave-it", no jumping, wait at doors, and practice eye contact/ focus training. This class uses positive reinforcement training ("Clicker Training"). C.G.C. test will be offered during the last week of class.

Therapy Dog Training:

The therapy dog class prepares dogs to visit nursing homes as well as take their Canine Good Citizen (CGC) and Therapy Dog International (TDI) tests. Classes are semi-seasonal, TDI test will be offered at the end. You do not need to take the class to take the test; test registration is separate from class registration.

Practice Time/Socialization Class

Drop-in class designed to help socialize shy and/or people-sensitive dogs, every Monday night year round 8-9pm.

Conformation:

This class is to prepare you and your dog for the conformation ring. It will help teach your dog to stack and to hold still while being examined, as well as proper gating. Classes are drop-in and run year-round, call for day and time.

25 Pounds and under Obedience Class:

This class is designed for small dogs. Basic obedience such as sit, heeling, wait, focus training, down, and stay will be covered. For small dogs, we use positive reinforcement training along with a touch stick to make learning easier. Classes are seasonal.

Flyball:

Flyball is a high-speed racing game between two teams of four dogs and handlers. Each dog is released on a line and runs 50 feet over four jumps to a box to retrieve a ball. The dog then runs back and returns to the handler. Advanced and intermediate drop-in classes run year round, basic classes are seasonal.
